Email: andreitf.dev@gmail.com

SUMMARY

- Experienced in utilizing JavaScript frameworks and libraries including React, Nextjs, and Nodejs to create dynamic and engaging user interfaces and APIs.
- Played a pivotal role in developing and maintaining components and design systems, achieving consistency and usability across 10+ applications.
- Transformed prototypes into fully functional interfaces, driving a significant increase in usability.
- Facilitated and promoted collaboration and clear communication within cross-functional and remote teams.
- A proactive approach to learning and staying technically up-to-date has allowed me to expand my skills and enhance my abilities with several technologies.

SKILLS

- Languages: TypeScript, JavaScript, HTML/CSS
- Front-End: React.js, React Native, Next.js, Vuejs, styled-components, Tailwindcss, GraphQL, Redux, Material-UI.
- Back-End: Express.js, Node.js, NestJS, MongoDB, SQL, Postgres.
- Testing: Jest, Cypress, Detox.

WORK EXPERIENCE

Frontend Developer | Coderockr • November 2021 - June 2023

- Developed a critical app for a dialysis hospital, improving operational efficiency for 108,000 annual sessions.
- Contributed to a logistics software project, serving approximately 2000 clients, by creating new features and enhancing consistency and usability across various applications.
- Led front-end development for a sustainability project, aligning with company environmental goals.
- Maintained and improved components and design systems for various applications.
- Integrated complex API solutions with third-party services and internal APIs.
- Conducted peer code reviews, enhancing team efficiency and knowledge sharing.
- Optimized web and mobile app performance, improving loading times and user experience.

Full-stack Developer | Coderockr • June 2023 - Present

- Transitioned from frontend to fullstack development, enhancing overall project capabilities.
- Developed and maintained endpoints, services, and documentation using Node.js, Express, and PostgreSQL.
- Improved backend performance and reliability, ensuring seamless integration with the front-end.
- Collaborated with other team members to ensure cohesive and efficient project development.

LANGUAGES

- Portuguese - Native/Fluent
- English - Advanced

EDUCATION

- EF SET English Certificate 75/100 (C2 Proficient) - EF SET, 2022
- React Native - The Practical Guide - Academind, 2021
- MERN Stack Front To Back - Traversy, 2020
- Front End Web Development Track - Treehouse, 2019
- Computer Science - UNIFACS, 2016-2018
